## RESEARCH

---

**Pacific University**  
Portland, Oregon

August 2010 – 2011

Responsibilities: The Seeking Fatherhood study is a research project conducted by a doctoral student. Tasks include assisting with the analysis of the participants, 12 gay male couples, who were interviewed about their current experience of pursuing parenthood. The research committee helps analyze the text of these interviews, by reading the interviews and underlining or highlighting relevant passages for further evaluation.

**Western Oregon University and Pacific University**  
Portland, Oregon

March 2008

Responsibilities: Viewed videos and ranked who was deemed as the emergent leader of each group. Assessed personality characteristics of those who typically emerge as leaders when a group is formed out of members who do not previously know one another. Studied the effect different emergent leaders have on the groups' performance and whether group forming activities have an effect on the emergent leader's effects on the group.

**Xavier University**  
Cincinnati, OH

April 2003

Responsibilities: Collaborated with students in collecting data on a research project studying self esteem and regret and its effects in decision-making processes among college students.
